## **SHANGRI-LA, aka Zhongdian**

Recently discovered to be the original place depicted in Hilton's novel, the LOST HORIZON and now officially renamed the city of Shangri-La. The landscape encompasses snow-clad peaks, deep ravines, vast prairies, alpine lakes and virgin forests, a landscape with all the elements implied in the word Shangri-La.

Join Buddy Hatton as he finds paradise in this mythical and long sought after valley of Shangri-La.

Uncover a land of dreams at the foot of the snow-capped Tibetan Plateau packed with unspoiled spectacular scenery and people who live a simple but unusual colorful life where they continue to wear beautiful, folk costumes on a daily basis. Only opened to outsiders recently, many experienced travelers= dared not even dream of its existence merely 5 years ago.
